04 EDITORIAL
Acting editor Patrick Jeffrey outlines the prevailing theme of the issue: the brands and initiatives that are tackling gender inequality, head on.

06 THE WORLD'S BEST CREATIVE
Pioneering campaigns
The most inspirational creative ideas of the quarter, from brands including Under Armour, Lush and Mini.

14 THE WORLD'S BEST STRATEGY
Pioneering thinking
The strategy behind some of the quarter's best work, including a museum that created a highway gallery, and an alcohol brand that declared its commitment to transparency with an ad starring naked employees.

18 SAY WHAT?
Contagious guide
Smart speakers are finding their way into millions of homes across the world. This guide offers tips and best practices on the most important things every brand will have to grapple with in a voice-first world.

26 BLAZING UP
Feature
Legal marijuana is booming. Alice Franklin looks at the new and emerging values in this industry and asks what other businesses can learn from these budding companies.

30 BE MORE PIRATE
Opinion
Sam Conniff Allende, author of *Be More Pirate*, asks what brands can learn from the Golden Age of piracy in the 1700s.

32 CHOBANI
Brand spotlight
Chobani dominates the US Greek yoghurt market with a 37.6% share but it still thinks of itself as a challenger brand. James Swift investigates the company's 2017 restructure as an example of market leader strategy.

42 THE GENDER EQUALITY REPORT
Special report
Kate Hollowood shares exclusive research on how brands can navigate the nuances of gender equality and stay ahead of the ever-evolving conversation.

49 SMALL BUT PERFECTLY FORMED
Startups and startup culture
The disruptors, game-changers and the finders of new markets. This quarter we profile Bulbshare, a co-creation company, alongside Row7, a startup creating new veggie varieties by matching chefs with plant breeders.

62 V ENERGY
Brand spotlight
As soon as V Energy knocked Red Bull off the top spot in Australia, the whole energy drink market started shrinking. Sophia Epstein looks at how the company evolved its brand positioning and built credibility in the sector.

72 BUMBLE
Disruptor
If you think Bumble is just another dating app, think again. Sophia Epstein explores how the company evolved into a global social networking community by empowering women.

78 BLUE OCEAN SHIFT
Interview
Kristina Dimitrova speaks to best-selling authors W Chan Kim and Renée Mauborgne about how brands can identify new growth opportunities and make competition irrelevant.

84 BLURRED LINES
Feature
Production companies moving upstream signals a more collaborative era for the advertising industry. Any company that prizes creativity should embrace the changes, argues Kate Hollowood.

90 MACHINE VISION
Wildfire
In this quarter's Wildfire, we look at one of the most exciting and controversial developments in AI – machine vision – and ask what it means for brands in the short, medium and long term.

98 MCDONALD'S
Did it sell?
How the fast-food giant increased orders through its app by 200% in the Middle East.

100 INDEX
The brands, companies, people and agencies showcased in this issue, now with numbers next to them.
